The Activation Sequence ALGORITHM OF GENIUS

The Activation Sequence describes a series of three leaps in awareness that unfold in your life as you activate the higher purpose within your DNA. These inner realisations are called your Challenge, your Breakthrough and your Core Stability.

"Contemplation is not a fast art. It is a wonderful, deep, lustrous, slow burn." - Richard Rudd

The Gene Keys Approach invites us to develop our humility through embodying the four qualities that lie at the heart of the Gene Keys. Please consider these values as you navigate the Gene Keys Teachings.

The Fine Art of Equilibrium

In all of my communications and approaches to decision-making, I strive to balance the following:

- Listening and Sharing
- Freedom and Boundaries
- Self-care and Service
- Honesty and Kindness
- Mysticism and Ordinariness

The Gene Keys are a contemplative teachings, not therapy. Please honor one another yourself as we navigate these inner realms together.

The Noble Code

Dancing with Genius

Genius

The innate intelligence of all human beings. True genius (as opposed to intellectual genius) is a spontaneous and unstudied creative uniqueness rooted in unconditional love. Genius is the natural manifestation of a human life when it is allowed to expand without force. As more and more people join their genius together, the world as we see it today will be transformed.

-Richard Rudd, the Glossary of Empowerment

The Activation Sequence

Life's Work What I'm here to do

My capacity to shine my unique Genius out into the world.

Radiance What keeps me healthy

The hidden gifts that influence my health, wellbeing and make me shimmer from the inside out.

The Pathway of Core Stability

The Pathway of Breakthrough

Evolution What I'm here to learn

The blindspots and growth edges in life that teach me to turn my suffering into my Genius

Purpose What deeply fulfills me

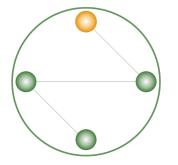

Relaxing into the higher purpose of my Being nature discovered within and expressed through my body

MODULE PROGRESS

100% Complete

From Your Hologenetic Profile

This module contains contemplative resources for you to explore your specific Gene Key and Line Keynote within the Sphere of Life's Work Take a moment to review the words and text below, and listen to the included audio on your Life's Work Gene Key.

If you do not see your Gene Key information below, please fill out your Hologenetic Profile form here

Your Sphere of Life's Work (54.6)

Line 6 - Teacher

Your Siddhi - Ascension

Your Gift - Aspiriation

Your Shadow - Greed

See This Key in the Living Library

You really need to trust in the power of your dreams. Your whole life is about believing in yourself and your ambitions. In order for you to get where you really want to get to, the most important thing in your life is to find the right allies, those who recognise you rather than those who get in your way. If you are resolute in your pursuit of your goals and you are doing what you love most in life, you will make powerful quantum leaps at certain points in your life. Every time you find yourself closer to your dreams, you need to aspire to something even higher. This is not just about material wealth, although that may be a major part of your dreams. Eventually, you need to aspire to something more spiritual in life, but never to the detriment of material prosperitu. You need to find the connection and balance between material prosperity and spiritual abundance
